DROP OFF: Name of Member _____ Date: _____

I understand that submission of this woodturning does not guarantee its use. NHLA will make the final decision on which pieces they use for their convention.

I understand that the woodturning will be on a dinner table as a centerpiece and that they may be handled and/or something could possibly be spilled on them (caution notes will be on each table).

I understand that photos of my woodturning will be taken and MSWG has no control over the end uses of the photos.
